CENTER FOR CONFERENCE  
6pm - 10pm**

The Environmental/Educational Vessel, known as "The NJ Tall Ship", A.J. Meerwald, will be docked in Burlington on September 12th with our special guest speaker Mr. William Moore. His featured topic will be the History of the Delaware River. Mr. Moore was raised on the Delaware and has a rubber life size white rat in his truck, which is his trade mark owning up as a "Delaware River Rat" to all who ask. This event is our way of saying "Thank You" for your very generous support of our historical landmark in Quaker history and Burlington's unique part in determining the "course of human events."
